**COBURN BUYS B POND CAMPS**

Capt. E. F. Coburn of the Lakewood

Camps, Middletown, Me., has purchased

the B Pond Camps, also the Oxford Club

House land on Rapid River, and all the

fishing rights conveyed by the State to

the above association many years ago.

The property at B Pond consists of

well built and nicely furnished camps

with boats and two rods of land around

the pond, also the island on which the

camps are located.

The Oxford Club House land, two

acres, is about 3 miles down river from

Middletown and carries with it the ex-

clusive control of fishing in Rapid River.

This is the tenor of the old deed from

the State of Maine when the transfer

was made. The old Club House is no

more and the members of the association

sold to the B Pond Club time forty odd

years ago. During this time they have

occupied the B Pond Camps, fishing both

that pond and the river until the or-

ganization has divided to only two

members, John E. Thayer and Col. Hen-

ry E. Russell of Boston, who did not

care to carry it on further and have

disposed of the property as above stated.

It is a valuable addition to the Lake-

wood Camps as it assures good pond fish-

ing and comfortable quarters to the pa-

trons of these camps.

It may be of interest to look over the

record of fish caught at these camps in

years gone by. Here they are, showing

date, size of party, and number of fish

caught:

1888—May 31 to June 7, 3 in party,

132 trout.

1889—May 18-22, 4 in the party, 142

trout. May 23-26, 3 in party, 56 fish.

1890—May 20-22, 4 in party, 51 fish.

1891—No record.

1892—No record.

1893—Gov. Wm. E. Russell of Massa-

chusetts was entertained at the camp,

June 2nd. The record reads: "Old

Oxford Camp, Rapid River, R. Stuart,

occupant, entertained Gov. Russell, E. V.

R. Thayer, J. E. Thayer, Col. Peabody,

Col. Russell and Hon. John Simpkins of

Yarmouth. Also the distinguished party

from Waterbury and Newark, N. J., con-

sisting of: Geo. E. Hart, Chas. E. Turner

and Wallace Durant." Number of

fish caught is not stated.

1894—No record.

1895—May 26 to June 2, 4 in party,

81 trout. A story was written daily and

much information spread on the records,

viz: "It seems evident that the best

and only fishing will be done making

the journey for, is during the first

two weeks after the ice is out. Trout in

B Pond will take a fly even if only a

small water space is free from ice, and

will continue to rise well from the mo-

ment there is the first clear water till the

pollen begins to fall." "That fishing

is poor, is because the trout have

stopped rising, not because there are few

fish." Just think of this talk when 81

fish were taken in seven days by a party

of four! Those 81 trout probably

weighed sixty pounds or more.

What would the writer now say if he visited

that pond and the party got 81 fish in

"that length of time? They undoubtedly

now, would be termed "fish hogs."

1896—May 13-19, four in party, total

catch, 171 trout. Largest fish taken by

Bayard Thayer, weighed 2 3/4 lbs. Many

of the fish weighing 1 1/4 to 2 1/2 lbs.

All fish not wanted for camp use, were

returned to the water. All caught with

fly. Another party, May 28th, says, "got

3 fish near Gull rock, largest, 2 lbs."

1897—No record.

1898—Party of three fished May 17-19,

got 88 trout. June 7-10, 3 persons, took

33 trout and returned all that were not

fatally injured. Aug. 2 to Sept. 11, 3

were at the camp and 33 trout weighing

mon. Got 4 pound trout from Pond in-

the River.

1913—June 3-9, 4 in party, got 69

trout. June 27 to July 4, 16 trout and

one 5 pound salmon.

1914—May 24-29, 4 in the party, 45

trout and 1 salmon. June 4-19, 4 in

party, took 57 trout that weighed 84 lbs.

1915—May 16-22, 4 in party, took 18

trout. May 29 to June 5, 4 in party,

took 50 fish. Aug. 21-23, 2 in party, got

one-half pound trout.

1916—June 5-11, 3 in party, got 49

trout and salmon. June 13-18, 4 in par-

ty, got 40 trout.

1917—June 7-11, 5 in party, only rec-

ord is "played a fish from Gull Rock

to Camp."

1918—June 4-11, 4 in party, "Fishing

poor." J. E. Thayer got six, largest 2

1-2 pounds; T. P. Temple, 13, largest 2

pounds; Abbott Peterson, 13, largest 2

pounds; C. C. Beckley, 7, largest 1-2 lb.

1920—No record.

1921—June 3-10, 3 in party, score, 45

trout.

1922—June 1-7, 3 in party. "Weather

variable. Fishing poor." Total catch,

15 trout and 11 salmon, largest trout

2 1-4 pounds, salmon 2 pounds.

1923—No record.

1924—May 13-19, 3 in party, "no fish

rising and the only one taken in the

pond was by trolling. One trout 4 lbs.,

and in it were 75 small smelts.

WORST FORM OF  
INDIGESTIONDisappeared Under the Fruit  
Treatment—"Fruit-a-lives"

People are often amazed when they  
hear of a case like Mrs. Hammond's.  
Yet it is the most natural thing in the  
world to eat plenty of fruit for Indi-  
gestion, Dyspepsia and other stomach  
troubles—and to try and overcome  
Constipation and Biliousness by  
eating figs and prunes.

"Fruit-a-lives", made of the inten-  
sified juices of apples, oranges, figs  
and prunes combined with tonics, will  
relieve stomach and bowel troubles.  
Mrs. E. C. Hammond, 248 Sykes St.,  
Groton, N. Y., says: "Last February,  
I started using 'Fruit-a-lives' for  
Indigestion and Constipation of the  
worst kind. 'Fruit-a-lives' entirely  
relieved me and I would not be  
without your valuable 'Fruit-a-lives'  
in the home."

## My Meals Are Always Ready

"Jim will be here in a few minutes now, and thanks to my electric range, dinner is ready."

"Getting meals on time doesn't worry me any more."

"I can come home from a morning's shopping or an afternoon of bridge, turn the switch of my electric range and in a very short time have my meal cooked and on the table."

"With no wood or coal to carry, no fire to build or coax along, I no longer dread getting meals."

"Then, too, I get better results in cooking day after day. Because the heat is steady and even, I don't have to watch things in the oven every few minutes to see that they do not burn or under cook."

"I never before realized the comfort and convenience an electric range can give."

## A Range for Every Home

Come into our store and look over our complete line of ranges. Among them you will find a range that just suits your needs. We shall be glad to tell you more about the advantages of the electric range and why it is 1-3 cheaper to cook electrically than any other method.

## Banish the Hand Pump Use a DURO Water System

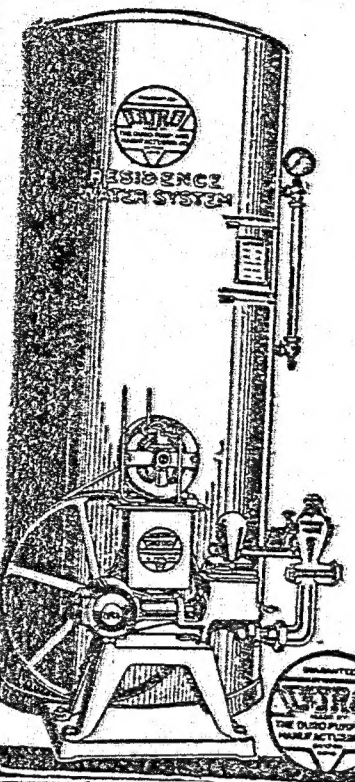

In primitive countries woman is regarded somewhat as a beast of burden. She is subjected to all sorts of drudgery, does practically all the work, and her lot is hard and discouraging. This custom is rightfully regarded as inhuman and uncivilized.

Yet thousands of women in this country today are shackled to the old-fashioned hand pump. In many cases they carry the water considerable distances after pumping it. The amount of time and energy lost is incalculable.

## DURO Water Systems

"Just Like City Water Service"

have liberated thousands of women, and men, from the grinding toil of pumping and carrying water. They have brought comfort, cleanliness and health where drudgery, dirt and disease prevailed before.

Duro systems give you all the conveniences of city water service. Running water under pressure in kitchen, bathroom, toilet, garden and barn is at your service.

Compact, powerful, and automatic—a Duro system is easily installed in old or new homes and costs less than 1c a day to operate. Driven by either electric motor or gasoline engine.

Duro Systems are made in many sizes and styles. Ask us for an estimate of cost

## SAYS KARNAK OFFERS HEALTH TO MILLIONS

Thousands of People Throughout the State are Now Praising the Sensational New Medicine For Benefits Received From Its Use.

Thousands of prominent people throughout the State are now praising the sensational new medicine Karnak. The demand for the preparation has exceeded all previous records, and as new tests of its powers are made, hundreds more are daily adding their indorsements to the thousands already given it.

In explaining the phenomenal success of the medicine, Mr. H. C. Thorburn, President of Standard Drug Products, Inc., recently said:

"Before we secured the distribution rights for Karnak in this country we knew that it was a wonderful health-builder and were convinced that it would restore millions of people to the joys of health. Now the public has proved this for itself and people everywhere flock to the drug stores to get it and report benefits from its use that far surpass even their fondest hopes."

"You can tell after the first few doses of Karnak that you are being benefitted in a natural, substantial way. These substantial benefits form the fundamental reason for the medicine's unprecedented success."

Mr. Thorburn briefly quoted M. Andre's theories on health and right living as follows:

"Poor health is an unnatural condition. Nature is always working to restore us and with the proper assistance will succeed."

"Millions of people drag through life feeling well only half the time, or weak, sick and miserable day after day with hardly enough strength to keep up, and not knowing where to turn for relief. They are victims of auto-intoxication and mal-nutrition. The vital organs are failing to do their work. The system is being poisoned with impurities that tear down the health, waste the strength and irritate the nerves. The vitality is being destroyed and their lives needlessly shortened."

"To all such people Karnak has proved a blessing."

"M. Andre's aim was to perfect a medicine that would embody all the corrective forces of Nature itself. How well he succeeded is shown by the thousands who are praising the new medicine everywhere it has been introduced."

"It is not unusual for people to say that Karnak has relieved them of troubles that had defied all other treatments for years. That is because Karnak helps the entire system regain its lost vitality, strength and resiliency and enables nature to reassert itself."

Karnak is sold in Norway by Frank P. Stone; and by the leading druggist in every town.

## Sept. 9, 10, 11

The above dates are the ones when the Oxford County fair will be held.

We always look forward to the fair as a time when we may renew old friendship. Strange to say, people call on us year after year, some buy clothing and some do not. However, we want them to call just the same and really insist on their calling.

In regards to buying—probably the ones that bought suits last year will not buy this year, if we can't sell a suit that will go two seasons we don't want to sell them.

Remember that our store will be full of good clothing, we want you to call and we want you to buy if you want to, and if you don't want to buy, we don't want you to. Our prices will be right and QUALITY the best and if you can buy the same quality goods elsewhere at a lower price, we want you to do so. We would ourselves.
